

Maine Senior Guide Rate Card

When you join Maine Senior Guide, you get the opportunity to put your senior community, home support company, product or service in front of the largest growing demographic in Maine: seniors and their adult children.

Maine Senior Guide is a web resource powered by a robust searchable database, and includes a free listing level to help create a comprehensive resource for Maine seniors. Maine Senior Guide is free for viewers, paid for by advertisers above the free listing.

All the advertising rates are for a full year. Your information will be available year round to anyone who is looking, in Maine or anywhere in the world. And joining Maine Senior Guide is easy because **we'll do all the work for you!**
