Avita of Stroudwater offers safe, supportive, and dedicated memory care just West of the bustling city of Portland, Maine.

Avita of Stroudwater knows the challenges families face when someone you care about is coping with memory impairment. The name, Avita, which translates to “for life,” was inspired by our desire to create a safe and fulfilling environment where nurturing caregivers recognize each resident as a special and unique individual with varied wants and needs. Just because an individual may be coping with physical challenges or memory impairment does not mean they have lost their spirit. Our goal is simple – to make a positive difference in people’s lives by creating a special place where residents can thrive, and families can have peace of mind.

Many of Avita’s residents and their families are originally local to Maine. We proudly serve the greater Portland area.
